DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 4-6, 14, 15, 19, 20, 28-33 are rejected under 35 U.S.C. 102(b) as being anticipated by Diaz et al.

Diaz et al disclose a cover (10) comprising a front surface including non-RF shielding material (21) and a back surface of RF shielding material and a closeable open end (Fig 1)(re claim 1, 15, 28, 29, 31, 33)

Re claims 4, 30, 32 the shielding material is metallized polyethylene (aluminum and polyethylene)(col. 5, line 18-22)

Re claim 5, see col. 4, line 49-52.

Re claim 6, see Fig 1.

Re claim 14, wherein said cover is waterproof (sealed)(abstract) and bacterial resistant material (polyethylene)

Re claim 19, Diaz et al disclose an RF generating system (electronic component) a cover (10), an applicator having circuitry (23), a closeable open end (Fig 1).

Re claim 20, the apparatus is capable of functioning as claimed.

Allowable Subject Matter

Claims 7-13, 16-18 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The following is a statement of reasons for the indication of allowable subject matter: "a tab" of claim 7-13 and "a strip" of claim 16-18 in combination with other limitation was not found in the prior art of record.
